

Prodigy's Useful ACL Tips #4

- Copy IFD; Link to New Data File

How do I copy an IFD in a batch and link it to a new data file?

This operation can be done with the Extract and Open commands:

- 1) OPEN IFD_Name
- 2) EXTRACT RECORD TO "New_IFD_Name" IF F
- 3) OPEN "Data_File_Name" FORMAT "New_IFD_Name"
